**1600 – 1820 hrs: Future of PSEs & Valedictory Session**

Today PSEs are fraught with issues relating to governance, autonomy, multiple authorities, conflicting expectations of different stakeholders, competing with private sector without corresponding flexibility of operation. There is a need for better collaboration to unlock value, leading to the creation of a vibrant ecosystem of shared resources amongst them. This Session will try to unshackle the management of PSEs to attain increased efficiencies, optimize operations to capitalize on the opportunities that lay ahead. Based on the deliberations an implementation framework would evolve to be pursued with the stakeholders by the Council for the future of PSEs.
