Issues for Discussion

- Role of Technology, Law and Governance in Alternative working arrangements
- Need of Model Employment Law for addressing different facets of “WFH” and other “remote working” arrangements
- Addressing key challenges like shared responsibility, commitment & obligations of employer/employees, costs of operation; organisation of Working Time; Occupational Safety and Health, measuring employees’ productivity etc
- Abuses of WFH arrangements - issues and concerns regarding Data Protection, Cyber Security, Privacy
- Concerns regarding “Moonlighting”.
