

# Report on Data Governance and Cyber Security ( November 18, 2022)

Indian Chamber of Commerce organized the ICC Conclave on Data Governance and Cyber Security on November 18, 2022 at Tripura. The esteemed guests that were present at the conclave are Mr Vikas Razdan, Head, SeMT (State eGovernance Mission Team) Government of Tripura, CS S Sudhakar, Ex-Vice-President (Corporate Secretarial), Reliance Industries Ltd, Mr Sanachit Mehra, CTO, Cateina Technologies Limited, Dr Mrinal Kanti Deb Barma, HOD, CSE, NIT Agartala, Mr Niladri Das, Scientist-E/Additional Director, National Institute of Electronics and Information Technology (NIELIT), Agartala, Dr Panem Charanarur, NFSU Tripura, Mr Alok Kumar Chattopadhyay, Deputy Director and Advisor (F&A), Indian Chamber of Commerce and Mr Sujit Roy, Head, Tripura State Council, Indian Chamber of Commerce to name a few. A total of 100 delegates from a mix of Company Secretary, Chief Information Officer, Business Owner, and Senior Management of Corporate Organizations attended the conclave. The main objective of the conclave was to furnish the concept that data has become a strategic asset essential to running key company operations, driving decisions, in almost all industries; framework for Data Governance needs to be established where not present. The essence of the conclave was that Data Governance is the Operational Structure to achieve Information Governance. The conclave primarily focused on the fact that India loses Rs 200 crore per annum on Cyber Attacks, so there is a policy that focuses on strengthening Cyber Security and it should be backed by private sector support
